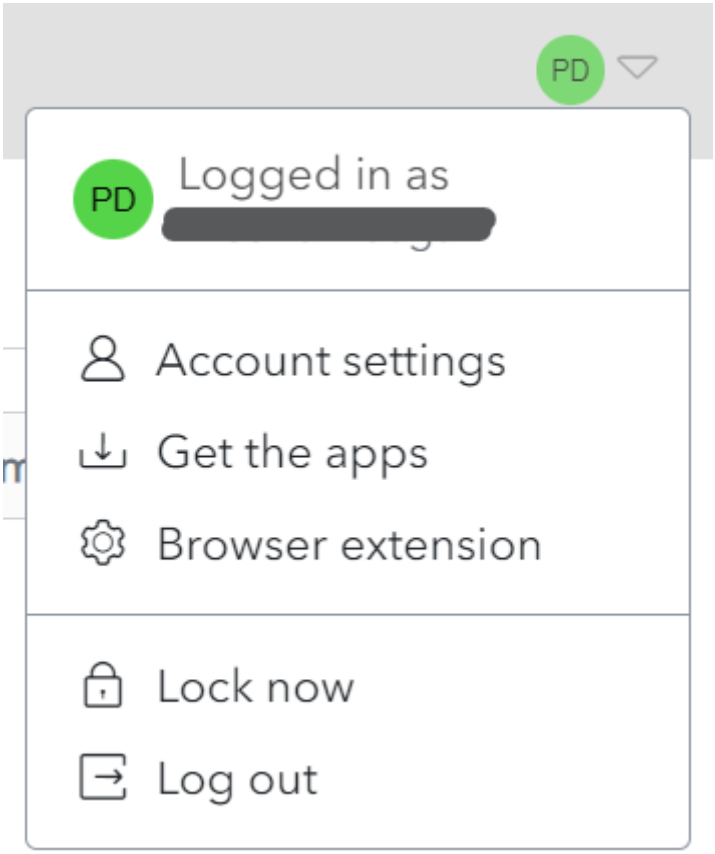
Deauthorize Sessions

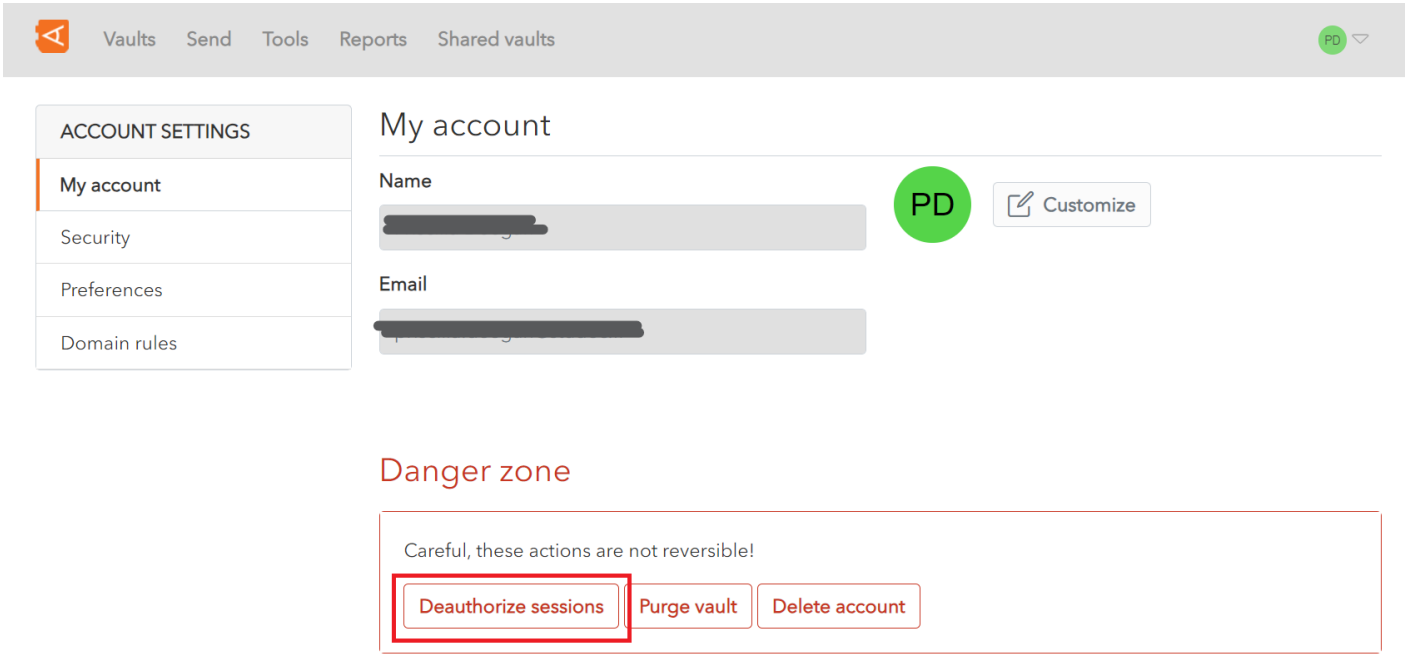
This is used if you want to **deauthorize all computers and devices** that have been **previously used to login to WALLIX Vault** with **this Account**.

Click on the **User Icon,** on the top right-hand side of the screen, to display the **User Menu**.



Click on **Account Settings** and then **My Account**. The **My Account Screen** is displayed.

Click **Deauthorize sessions**.



A **Confirmation Screen** is displayed.

Enter your **Master Password** and click **Deauthorize sessions** to deauthorize all previously authorized devices and computers and to log them out of the vault.

Alternatively, click **Close** to cancel the operation.
