

Edit Folder

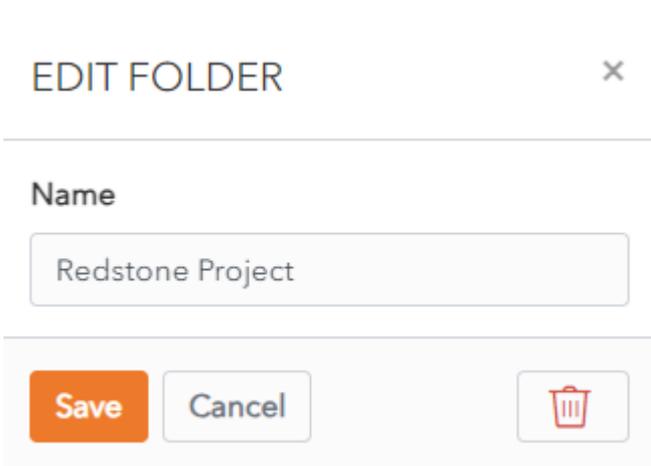

Click on a **folder** in your Vault List.

The screenshot shows the 'All vaults' interface. On the left is a 'FILTERS' sidebar with a search bar and a list of folders. The 'Redstone Project' folder is highlighted with a red box, and a small red pencil icon (the edit button) is visible to its right. The main area shows a table with columns for 'All', 'Name', and 'Owner'. Below the table, there is a message 'There are no items to list.' and a '+ New item' button.

The  **Edit** button is displayed beside the folder.

Click on the  **Edit** button to open the Folder in the **Edit Screen**.

The 'EDIT FOLDER' screen has a title bar with a close button (X). Below the title bar, the word 'Name' is followed by a text input field containing 'Redstone Project'. At the bottom, there are three buttons: 'Save' (orange), 'Cancel' (white with grey border), and a trash icon (red).

Change the folder name and then click the **Save** button to save your changes.

Alternatively, click the **Cancel** button to cancel the operation.
