

Password Fields for Login Items

WALLIX Enterprise Vault provides different options for your Password fields to **improve** the **security** of your **passwords**.

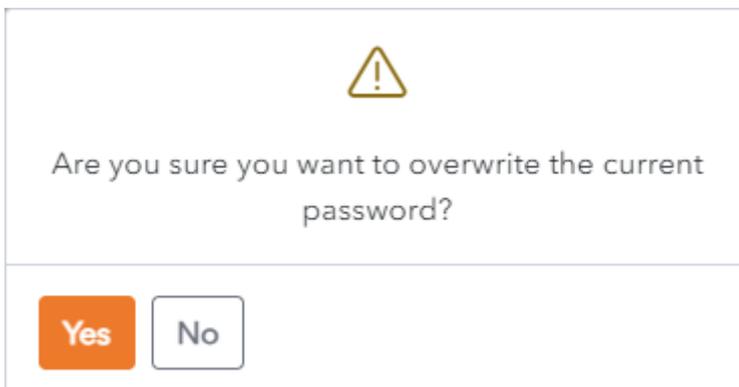

Generate Strong Password

Click on the **Generate Password** button to generate a secure password for your login.

The image shows a password input field with the label "Password". The field contains the text "d4755e([-||ù%". To the right of the field, there are several icons: a red square highlighting a circular refresh icon, a checkmark icon, and a menu icon. Below the field, there are two more icons: an eye icon and a copy icon.

A pop up screen will require you to **confirm** that you wish to **overwrite** your **current password**.

The image shows a confirmation dialog box with a yellow warning triangle icon at the top. The text inside the dialog box reads: "Are you sure you want to overwrite the current password?". At the bottom of the dialog box, there are two buttons: "Yes" (highlighted in orange) and "No" (white with a grey border).

Click the **Yes** button to **overwrite your password** with the newly generated password.

Alternatively, click on the **No** button to **keep** your **current password**.

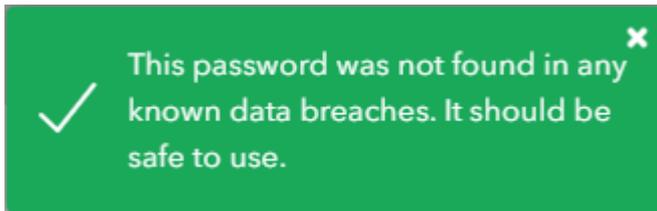

Check Password Integrity

Click on the **Check Password** button to check if your password has been exposed.

Password   

d4755e([-||ù%  

WALLIX Enterprise Vault will **check** if your **password** has been **found** in any **known data breaches**.

Show / Hide Character Count

Click on the **Toggle Character Count** button to **display** the **Password Character Count** of your password.

Username 

Password     

Password character count

V	a	Q	r	m	x	a	b	D	4	6	U	o	v
1	2	3	4	5	6	7	8	9	10	11	12	13	14

[Hide](#)

This can help you check if your password is secure enough.

Click the **Toggle Character Count** button to **hide** the Password Character Count display.

You can also click the **Hide** button to hide the Password Character Count display.

Copy Password

Click on the **Copy Password button** to copy the password entered to the clipboard.

Password

d4755e([-||ù%

Show / Hide Password

Click on the **Show/Hide Password toggle** button to **display** the password as you enter it.

Password

d4755e([-||ù%

Click again on the **Show/Hide Password toggle** button to **hide** the password.
