Item Context Menu

From the **Item List** click the ⋮ **More Button** of a **Shared Vault Item.**

The Shared Vault Item **Context Menu** is displayed.

A **number of options** are available (depending on the Item Type):

- **Copy username:** Copies the Username to the clipboard (for Login Items)
- **Copy password:** Copies the Password to the clipboard (for Login Items)
- **Launch :** Launches the URI associated with the Item (for Login Items)
- **Attachments:** Displays the Attachment Screen
- **Clone**: Clones the Item
- **Move to Shared Vault**: Moves the Item to a Shared Vault
- **Collections:** Displays the Collections Screen
- **Delete:** Deletes the Item (after Confirmation)
