Preferences

Click on the **User Icon,** on the top right-hand side of the screen, to display the **User Menu**.

Click on **Account Settings** and then **Preferences.** The **Preferences Screen** is displayed.

The following options are possible:

- **Vault timeout:** Set the Vault timeout from the dropdown. The **default** is **15 minutes**.
- **Vault Timeout action:** Choose Lock or Log-out as the action to take on timeout. The **default** is **Lock**.
- **Language:** Choose the language of the user interface.
- **Show website icons:** Check to show a recognizable image beside each Login. **This is checked** by **default.**
- **Display full width layout:** Check to allow the Web Vault to take up the full width of the browser window. This is **unchecked** by **default.**
- **Theme:** Choose from the dropdown. **Options** include Light, Dark and System Theme.

Click **Save** to save changes.
